-- Top Five Super Seller Program

-- available only for the Puffins Fundraiser --

This is an incentive sponsored by Dutchland Frozen Foods, the maker of the Pastry Puffins. This is a **national program** that includes all sellers of the Puffins in the USA and it ends at the completion of each Fall and Spring fundraising season – so you have two chances per year at the big money! If you have some participants that really like to sell then this may be something they want to shoot for. **The Top prize is \$500.** It simply goes by which individual seller has sold the most boxes of Puffins. You can go to www.pastrypuffins.com and click on the **Top Five** link and view the current winners and how much they are going to get. This is updated every week as new sale results come in. As you can see on the example they give of a previous season, a seller would need to sell between 150 and 250 boxes to get some prize money.

All of the incentives are **cash** and are paid **when we deliver the fundraiser.**

This money comes from us and does not come out of your profits.

Thanks again and Happy Selling!!
